November 2011

OCTOBER MEETING

We'd like to thank Graham for all the great photos of the joint meeting. It looks like it was a great time with the BBQ, the planes, trains and automobiles. I'm sorry I missed it but I'll see you at the November meeting. Jim

LOTS OF GREAT CARS TO SEE

EAA 1373 NOVEMBER MEETING

WHEN: Saturday, November 5, 10:00am

WHERE: Graham's Hangar, Blake Field, Delta

COPPERSTATE EXCURSION

Jeff B. & Bob T. invited me to tag along on their Copperstate excursion. Plan was to camp at Payson, AZ. Tues. night and on to Casa Grande early Wed. for a choice camping spot. Major flight plan change #1 - Payson campsite was sooo nice, I think it was Jeff's idea (Bob might differ), it was decided to use Payson as home and do a 30 minute commute to Copperstate each day. Fantastic idea! Major flight plan change #2 - after Thursday's 100 degree Copperstate temperatures it was suggested by I think Jeff (Bob might differ) that we just use Payson as home base to day visit that part of AZ. Fantastic idea! Trip highlights: Meteor Crater, and for me - finally mastering the difference between "two RV's in trail" and "flight of two RV's". Good flying, Lowell

L-2 Cedaredge Connection

A friend of ours from Cedaredge, Peggy Papon, recently visited her brother Bruce in Hardtner, KS. Bruce restored an L-2. It recently took First Place in Best L-Bird class at Oshkosh.
