September 2010

## HIGHLIGHTS FROM THE AUGUST MEETING

MONTROSE, CO \* MYJ \* THE X CHAPTER

# EAA Chapter 1373

Bob gave us an informative lecture on how to make Kevlar wheelpants.

## In Memory of Don Morton

Don Morton, a long-time member of Chapter 1373, died on August 6. The cause of death was throat cancer.

Don was a Corsair pilot in WW II.

VF-17 "Jolly Rogers"*

## EAA 1373 SEPTEMBER MEETING

WHEN: September 11, 2010

WHERE: Montrose Airport

### Chapter 1373 Meeting

The September Meeting will be replaced by participation in Montrose Airport Appreciation Day activities on the 11<sup>th</sup> of September. Chapter 1373 Members will support Young Eagles and there will be a display area for Experimental Aircraft at the south end of the field just past the last taxiway.

There will be a briefing for Young Eagles pilots at 7:30 AM that morning and members volunteering for Young Eagles ground support and members displaying aircraft are also urged to attend that briefing.

Monitor the Chapter 1373 Web Site for any new information or details.

Chapter 1373 members,

We are working on a Young Eagle event on Oct. 2 at Delta for our October meeting as discussed at our last (August) meeting. I am working with Mark, Cheryl, and Erin on this and they have suggested combining this with an airport day as well. Will keep you posted, and any suggestions are always welcome.

Also as discussed, the Sept meeting will be the 9/11 MTJ event with all the help the chapter can give, to make this a successful Young Eagle event. The more Young Eagles we fly, the more credits we get toward another scholarship for next summer's air academy.

The Military display aircraft that are scheduled for this event include F-16s, F-18s, KC-135, C-17, C-130, T-45 and the new T-6 from the Navy and should all be available for the kids to go through.
